What if someone has taken a SET class out of state- does that count?

Certain out of state training is transferable if it was a live diocesan session (not online).

1. Submit to OMAAP the certificate of past training to confirm transferability.
2. If previous training was the live VIRTUS Protecting God's Children, the employee/volunteer may contact VIRTUS at 1-888-847-8870 or helpdesk@virtus.org to request a transfer of past training to the AOD for consideration.
